

Funding Snapshot

As a publicly supported foundation, the Northland Foundation is required to secure funds from a variety of sources to carry out its activities. Here is a snapshot of money raised between July 1, 2022, and June 30, 2023, including several multi-year funding awards. We thank the many funding partners whose investments in northeast Minnesota are helping make our region a place where all people feel they belong and can thrive.

Details of the Northland Foundation's programs and financial information are publicly available on the Form 990, which we are happy to provide to you upon request.
