

Maada'ookiing Grant Application Questions

Following is the information you are asked to provide when applying for a Maada'ookiing Grassroots Grant including the narrative questions you will fill out on the portal. If you have questions about your project in relation to the grant guidelines, email [Cayla Bellanger DeGroat](mailto:Cayla.Bellanger@NorthlandFoundation.org).

You can use this Word doc to help prepare your narrative responses ahead of time, then copy and paste into the application on the Grantee Portal. The link to the portal is found on the [Maada'ookiing Grants](#) page of Northland Foundation's website.

Maada'ookiing Application Narrative Questions

Project Title:

Total Amount requested (up to \$5000):

Project Start date:

(To determine the start date, please keep in mind that grant funds, if awarded, will be direct deposited about 2 months after the most recent application deadline.)

Project End date:

1. In a few sentences, give us a summary of what your project will look like. (1,000 characters maximum)
2. Please tell us about who you are and what called you to do this work. Include details about how things like your background, experiences, knowledge, skills, credentials, etc. inspired you to lead this project. (5,000 character max.)
3. How does your project align with Maada'ookiing's grant focus areas? (5,000 character max.)
4. Which Tribal Nation or Indigenous community will this project serve? Please be specific about where the project will take place or have an impact and include any other community populations you will be working with, if applicable (gender, age, ability, LGBTQ+, etc.). (5,000 character max.)
5. Describe how you have gained the support of the communities you will be working with. How have you established trust or collaboration with them and how are you seeking the guidance and support of community and tribal leaders? (5,000 character max.)
6. Describe the needs or opportunities your project will focus on. (5,000 character max.)
7. Describe the activities you will carry out in this project. Include details like where the project will be held, the length of time the project will last, and any other information that will help us understand how you will be doing the work. (5,000 character max.)
8. What are your goals for this project and how will you measure the impact of your work on the community? (5,000 character max.)
